## **BEDROOMS**

Is the light near the bed hard to reach?

Place a lamp close to the bed where it's easy to reach.

Is the path from your bed to the bathroom dark?

Put in a nightlight so you can see where you're walking. Some nightlights go on by themselves after dark.

Put a non-slip rubber mat or self-stick strips on the floor of the tub or shower.

Do you need some support when you get in and out of the tub, or up from the toilet?
