

JOIN US FOR OUR VIRTUAL AMPUTEE PEER GROUP

SECOND TUESDAY OF THE MONTH | 5:30 P.M.

Via Conference Call/Video | Details will be provided upon RSVP

Whether you're just starting on your road to recovery or have had years of experience living and thriving as an amputee, through shared experiences, we can find solutions, hope, and new possibilities.

Connecting in a virtual setting empowers us to ask questions, share information, and learn and grow from others who have overcome similar challenges with people from across the region unconfined by physical ability, the seasons, or time of day.
